Q. I need/want a 300×350 mm embroidery area machine?

Choose **DY-1201S** — **single-head, 12-needle** (300×350 mm). Compact, versatile, and ideal for **caps, T-shirts, small logos, and boutique embroidery**. Works with **flat, tubular, and 270° cap** frames.

Q. I need/want a 350×500 mm embroidery area machine?

Choose **DY-1201** — the **standard single-head, 12-needle** model (350×500 mm). Perfect for **uniforms, polos, caps, and custom logo embroidery**; supports all major decorative attachments.

Q. I need/want a 400×600 mm embroidery area machine?

Choose **DY-1201L** — **single-head, 12-needle** (400×600 mm expandable to 500×800 mm). Supports **sequin, bead, cording, coiling, and taping**, ideal for **jackets and bridal/fashion work**.

Q. I need/want a 500×800 mm embroidery area machine?

Choose **DY-1201L (extended)** or **DY-601CTM**. Both **single-head** units support all decorative attachments, great for **large garments, saree borders, and designer panels**.

Q. I need/want a 500×400 mm embroidery area machine?

Choose **DY-1201H** — **single-head, 12-needle** with a **reinforced body** for **denim, canvas, and semi-leather embroidery**. Stable performance on thick fabrics.

Q. I need/want a 500×1200 mm embroidery area machine?

Choose **DY-1201XL** — **single-head, 12-needle** (500×1200 mm). Designed for **bedsheets, curtains, jacket backs**, and other long-frame designs.

Q. I need / want a 400×450 mm embroidery area machine?

Choose **DY-1204 / DY-1206 / DY-1206H / DY-912** — **multi-head machines** (4–12 heads) with **400×450 mm per head**, built for **bulk garment production**.

Q. I need / want a 400×800 mm embroidery area machine?

Choose **DY-1202HC** — **two-head 12-needle** (400×800 mm per head) for **wide panels and fashion borders**.

Q. I need / want a 400×1200 mm embroidery area machine?

Choose **DY-915-120** — **15-head 9-needle** (400×1200 mm per head) ideal for **long patterns and jacket backs**.

Q. I need / want a 750×600 mm embroidery area machine?

Choose **DY-PE750×600** — a **hybrid embroidery + perforation** model (100×100 – 750×600 mm) for **leather, PU, and fashion stitch-and-punch designs**.

Q. I need/want a compact embroidery machine for small work?

Choose **HALO-100** — **single-head, 12-needle**, 240×320 mm. Perfect for **light commercial embroidery and personalization studios**.

Q. I need/want a portable embroidery machine?

Choose **ES-1300** — **single-needle portable** model for **labels, monograms, and craft embroidery** in studios or boutiques.

Q. I need/want a chenille and chain-stitch embroidery machine?

Choose **DY-1201+1CT** — flat + chenille/chainstitch heads, 560×1200 mm. Ideal for **3D textures on jackets and hoodies**.

Q. I need/want a coiling or taping embroidery machine?

Choose **DY-1201+1PD** — flat + coiling/taping heads, 560×1200 mm. Produces **ornamental cords and tape patterns on fashion and ethnic wear**.

Q. I need/want chenille embroidery only?

Choose **DY-601CTM** — single-head, chenille + chainstitch, 500×800 mm; ideal for **textured home textiles and wool logos**.

Q. I need/want coiling and taping embroidery only?

Choose **DY-PD** — single-head, coiling/taping, 500×800 mm. Best for **decorative trims, cords, and craft embroidery**.

Q. I need/want a machine for sequin, bead, and coiling work?

Choose **DY-602+2** — 2-head, 6-needle mixed embroidery machine (600×600 mm). Combines **flat, sequin, bead, coiling, and taping** embroidery in one.

Q. I need/want a high-end decorative embroidery machine?

Choose **DY-606+6** — 6 embroidery + 6 special heads for sequin, bead, coiling, taping, and rhinestone embroidery. Used in **bridal, couture, and luxury fashion**.

Q. I need/want a 2-head embroidery machine?

Choose **DY-1202H** (2 heads, 12 needles, 500×500 mm) for general use, or **DY-1202HC** (2 heads, 400×800 mm) for wide-panel embroidery.

Q. I need/want a 3-head embroidery machine?

Choose **DY-1203H** — **3 heads, 12 needles each**, 400×450 mm per head. Great for **medium garment factories**.

Q. I need/want a 4-head embroidery machine?

Choose **DY-1204** — **4 heads, 12 needles each**, 400×450 mm. Perfect balance of **speed and flexibility** for T-shirts and caps.

Q. I need/want a 6-head embroidery machine?

Choose **DY-1206** or **DY-1206H** — **6 heads, 12 or 15 needles**, 400×450 mm. Standard 1206 suits bulk apparel; 1206H offers **reinforced high-speed operation**.

Q. I need/want an 8-head embroidery machine?

Choose **DY-908** — **8 heads, 9 needles each**, 400×450 mm. For **mid-scale export production**.

Q. I need/want a 12-head embroidery machine?

Choose **DY-912** — **12 heads, 9 needles each**, 400×450 mm. High-output solution for **export garment factories**.

Q. I need/want a 15-head embroidery machine?

Choose **DY-915-120** — **15 heads, 9 needles**, 400×1200 mm. Best for **long designs like jacket backs and borders**.

Q. I need/want an 18-head embroidery machine?

Choose **DY-918-120** — **18 heads, 9 needles**, 400×800 mm (X-travel up to 1200 mm).
Flagship for **export and bulk garment production**.

Q. I need/want a perforation machine?

Choose from Duke Jia's CNC perforation series:

- **DY-SK-D2-10Z** — 10-head for **bags, footwear, and décor panels**.
- **DY-SK-D2-2.0RH** — 12-head heavy-duty for **car seats and upholstery**.
Both create **0.8–2.5 mm holes** with automatic feeding and digital control.

Q. I need/want embroidery + perforation in one machine?

Choose **DY-PE750×600** — **1 embroidery (9 needle) + 1 punching head**, 100×100 to 750×600 mm area. Perfect for **leather, PU, footwear, and auto interiors**.

Q. I need/want flagship model in one machine?

Choose **DY-PE750×600** — **1 embroidery (9 needle) + 1 punching head**, 100×100 to 750×600 mm area. Perfect for **leather, PU, footwear, and auto interiors**.

Q. I need/want a quilting machine?

A. Choose **DY-CS3000** — **computerized multi-needle chain-stitch quilting** with **2450 mm width, 60 mm thickness**, and **600–1200 RPM speed**. Ideal for **mattresses, quilts, and padded fabrics**.
